2019 SD Cancer Coalition Fall Meeting

October 2, 2019
The South Dakota Comprehensive Cancer Control Program (SD CCCP) aims to reduce the impact of cancer on South Dakotans through the promotion and support of collaborative, innovative, and effective programs and policies for cancer prevention and control. Through the SD Cancer Coalition, the SD CCCP brings together diverse organizations and individuals to monitor and assess cancer related issues in the state. The SD CCCP determines priority areas of focus on an annual basis and mobilizes resources that can impact outcomes. In this report, Coalition activities and outcomes are highlighted to review the progress made in 2018-2019 towards achieving the goals and priorities of the SD Comprehensive Cancer Control State Plan 2015-2020.

**SD Cancer Plan 2015-2020 Goals**

- Prevent cancer among South Dakotans
- Detect cancer in the earliest stages for all South Dakotans
- Ensure timely and appropriate access and treatment for all cancer patients in SD
- Optimize South Dakotan’s quality of life across the continuum of cancer
- Eliminate disparities in the burden of cancer in SD
2018-2019 Coalition Structure

Coalition Task Forces

- Increase HPV vaccination rates (Priority 6)
  - Chair: Sarah Quail
- Early Detection Health Equity (Priorities 7-10)
  - Chair: Stacey Burnette
- Promote Patient-Centered Care to Enhance Quality of Life for Cancer Survivors (Priority 13)
  - Chair: Lexi Pugsley

Cross-Cutting Committees:

- Data, Surveillance, and Evaluation Committee
  - Co-Chaired by Ashley Miller, Chronic Disease Epidemiologist and Kay Dosch, SD Cancer Registry Coordinator
- Policy, System, and Environmental (PSE) Change Committee
  - Chaired by Lexi Pugsley
- Communication and Membership
  - Chaired by Sarah Quail
SD Cancer Coalition: 2018-2019 Year in Review

Cancer Survivorship Task Force
Chaired by Lexi Pugsley

We're celebrating the 15.5 million Americans alive today who have survived cancer. #NationalCancerSurvivorsDay #cancersurvivor #NCSD2019

Your chances of surviving cancer are far better today than they were 25 years ago. As we celebrate survivorship, we also want to help you deal with life after cancer.

Coalition Webinar Series

- **Cancer Survivorship and Primary Care Webinar**
  - Dr. Jay Burton

- **Teamwork is the Key to HPV Vaccination Success**
  - Dr. Mary Milroy

- **Evidence Based Interventions for Cancer Prevention & Control**
  - Sandra Melstad, MPH

- **Upcoming:**
  - Cervical Cancer - January 23, 2020 with Dr. Maria Bell
  - Colorectal Cancer - March 2020

Implementation Partnerships, 2018-2019

The implementation funding structure has continued as recommended. All implementation grantees implemented evidence-based activities that lead to policy, system or environmental changes that will last beyond the funding period. Data was gathered from program records. Detailed information about the grantee projects is described below.

Worksite UV Protection Policy for Outdoor Workers

*Released: March 2018*

*Project Period: June 1, 2016 – September 30, 2018*

**Grantees:** YMCA Giraffe Park Day Camp
**Award:** $221.75

**Priority Areas:** Priority 4: Reduce ultraviolet radiation exposure

In 2018, the YMCA Giraffe Park Day Camp promoted a sun safe worksite through adoption of a worksite UV (ultraviolet) protection policy and implementation of strategies to support the policy. The program implemented eight UV protection practices they had not implemented prior to funding, with six of the eight UV protection practices now encouraged or required as part of the policy.

Worksite UV Protection Policy for Child Care Programs

*Released: March 2018*

*Project Period: June 1, 2016 – September 30, 2018*

**Grantees:** Arlington Community Daycare, Brittany’s Daycare, Busy Bees Daycare, Kids, Inc. Summer Enrichment, Little Nest Preschool, Little Nest Preschool South, Prairie Hills Child Care Center, Sprouts Community Daycare, Timberlake Daycare, USD Viucorricz Childcare Center
**Award:** Home-based child care programs could request up to $250 and center-based child care programs could request up to $500.

**Priority Areas:** Priority 4: Reduce ultraviolet radiation exposure

The SD CCCP released a funding opportunity to child care programs across SD in March 2018 aimed at reducing exposure to ultraviolet radiation among youth. Ten child care programs were awarded funding out of 19 applications. All awardees were required to adopt a sun safety policy and at least one educational or environmental strategy to support the policy. All programs chose to implement more than one sun safety practice in addition to policy implementation. Nine of the ten programs installed a shade structure on the playground areas of the facility. Four programs, which had not required sunscreen, elected to provide and make sunscreen use mandatory. All programs provided education to staff and parents, and nine provided education on sun safety to the children as part of the program’s curriculum. Four chose to provide sunglasses and/or hats to children for outside time. All of the grantee child care programs implemented a sun safety policy, education, and evidence-based strategies to increase sun safe practices. Over 800 children across 10 child care locations statewide were impacted with grant funding totaling less than $4,500.

2018-2019 State Plan Activities

### SD Comprehensive Cancer Control State Plan: 2018-2019 Activities

<table>
<thead>
<tr>
<th>Priority</th>
<th>Activities</th>
<th>Partners</th>
</tr>
</thead>
</table>
| **PRIORITY 1:** Reduce tobacco use. | - ACS Cancer Action Network & SDMA supported proposed legislation to increase tobacco tax and age of purchase to 21.  
- The Great Plains Tobacco Prevention Project provided education and tobacco awareness.  
- Training was provided to medical professionals on cessation assessment and referral.  
- Thirteen community/school partnership coalitions and twelve organizations were funded by the Tobacco Control Program in 2019 to promote tobacco use prevention and cessation.  
- According to the North American Quitline Consortium, the South Dakota Quitline had the highest quit rate among reporting quitlines in 2018 (41.1%).  
- Cancer survivors identified as tobacco users were referred to tobacco cessation resources.  
- Sanford Health hosted a tobacco cessation workshop and provided cessation information to employees at the Great American Smoke Out. | American Cancer Society  
Cancer (ACS) Action Network  
Great Plains Tribal Chairman’s Health Board (GPTCBH)  
Sanford Health  
SD Cancer Survivorship Program  
South Dakota Medical Association  
SD Tobacco Control Program  
SD Quitline |
| **PRIORITY 2:** Eliminate exposure to secondhand smoke. | - Delta Dental of South Dakota Foundation provided secondhand smoke education in SD.  
- The Sioux Empire Tobacco Free Coalition hosted two smoke-free housing workshops in Rapid City and Sioux Falls. | Delta Dental of SD  
Sioux Empire Tobacco Free Coalition |
| **PRIORITY 3:** Increase healthy, active lifestyles. | - Sanford Health implemented nutrition screening for all cancer patients with referral to a registered dietitian for further counseling.  
- Nine worksites across the state were funded through the WorkWell Grant to implement policy and environmental changes to improve nutrition and increase physical activity in the workplace.  
- Cancer survivors received nutrition and physical activity referrals.  
- The SD Park Prescription project had over 81 healthcare providers participating in 2018, representing over 40 healthcare clinics and locations across the state.  
- The Breastfeeding Friendly Business Initiative has over 600 businesses that have taken the pledge to show support for their breastfeeding employers and customers. | Sanford Health  
SD Cancer Survivorship Program  
SD Nutrition and Physical Activity Program |
| **PRIORITY 4:** Reduce ultraviolet radiation exposure. | - The YMCA Griddle Park Day Camp was awarded funding to adopt a onsite UV protection policy and to implement sun safety strategies.  
- The SD CCCP funded childhood sun safety policy and UV protection strategies. Ten childcare programs were awarded funding per year in 2017 and 2018, and none in 2019.  
- The SD DOH partnered with Avera and the SD Soil Health Coalition to provide education on skin cancer and distributed sun-protective hats to farmers in SD.  
- Sanford Health promoted Sun Safety at farm shows. | American Cancer Society  
(ACS)  
Avera  
Sanford Health  
SD Department of Health  
SD Soil Health Coalition  
YMCA Griddle Park Day Camp |
| **PRIORITY 5:** Reduce exposure to environmental carcinogens. | - ACS continues to support national research on limiting exposure to carcinogens.  
- Continued partnership to collect data on a volunteer basis for radon testing and mitigation in SD. | American Cancer Society  
(ACS)  
SD Department of Energy and Natural Resources |
Get Involved ➔ State Plan Activities

**STATE PLAN ACTIVITIES**

Please list any activities that have occurred in 2018 that support the priorities of the SD Cancer Plan. These should be activities that occurred outside of SD Cancer Coalition efforts. We are asking that you include the organization name that led each activity with the understanding that it will be publicly recognized in our annual report. Your name is only collected in case follow-up is needed for clarification.

**Priority 1:**
Reduce tobacco use

Example: Community/School Partnership Grants (SD DOH)

**Priority 2:**
Eliminate exposure to secondhand smoke

**Priority 3:**
Increase healthy, active lifestyles

**Priority 4:**
Reduce ultraviolet radiation exposure

**Priority 5:**
Reduce exposure to environmental carcinogens

**Priority 6:**
Increase HPV vaccination rates
In-Kind Tracking Form

This form tracks non-federal in-kind contributions of time and travel costs incurred and also goods and services donated by the South Dakota Comprehensive Cancer Control Coalition members. This is a self-disclosure form on the honor system.

Please document in-kind donations of time and travel costs that individuals or organizations incurred while working on SD CCCP business outside of scheduled workgroup meetings, or time and travel costs incurred while attending SD CCCP in-person meetings such as Statewide, Leadership, and Steering Committee.

DO NOT count the workgroup conference calls and teleconference steering committee calls you participated in. Individual time for these calls is reported by the workgroup chairs who take attendance at those meetings.

SD Cancer Coalition Commitment Agreement

Coalition Goal
The goal of the SD Cancer Coalition is to work with individuals and organizations throughout the state to implement the South Dakota Comprehensive Cancer Control Plan. The Coalition brings together new and existing partners across the state to collaborate on a common goal: reduce the burden of cancer in SD.

Coalition Structure
The steering committee is the governing body of the SD Cancer Coalition and meets quarterly.
The Coalition consists of three standing cross-cutting committees, which typically meet 4-6 times per year via video conferencing:
1) Data, Surveillance and Evaluation
2) Policy, Systems and Environmental Change
3) Coalition Membership and Communication

Annually, the Coalition selects priorities from the SD Cancer Plan for implementation. These task forces develop an action plan with evidence-based activities and meet 4-6 times per year (once in person and the remaining meetings are held via video conferencing). For September 2019 – August 2020, the selected priority task forces include:
1) HPV Vaccination (Priority 6)
2) Early Detection Health Equity (Priorities 7, 9, 10)
3) Palliative Care Services (Priority 14)

Benefits of Membership
- Collective impact
- Priority access to information on coalition resources and funding
- Networking and recognition opportunities
- Priority access to coalition monthly emails and other communication
- Free educational events

Membership Expectations
- Be identified (by organization name) as a member of the SD Cancer Coalition on the Coalition website and in Coalition publications
- Serve as a representative from your organization to:
  - Serve as a liaison between your organization and the Coalition
  - Actively participate in committee/task force meetings by contributing ideas, providing input, and carrying out actions
  - Support implementation of the task force action plan by volunteering to complete small tasks and/or activities between meetings or as requested
- Support and utilize the SD Cancer Plan within your organization and report SD Cancer Plan activities on the Coalition website
- Report in-kind contributions toward the SD Cancer Coalition activities when requested
- Abide by and adhere to the Coalition bylaws
- Consider leadership opportunities such as chairing or co-chairing a task force or serving on the steering committee

I, ___________________________, am committed to be an active member of the SD Cancer Coalition. I am committed to the planning, collaboration, implementation, and evaluation process of the coalition. I acknowledge the contributions and expectations of the other members of the Coalition.

An example of my commitment, I agree to the following (check all that apply):
- Actively participate in task force and/or committee meetings
- Serve as an activity lead for a task force action plan strategy that aligns with my organization’s goals
- Serve in a coalition leadership capacity
- Task force chair or co-chair
- Steering Committee Member (application required)
- Read minutes, reports and newsletters to keep abreast of coalition decision/activities
- Disseminate relevant information and coalition activities as appropriate
- Keep the coalition informed of my related activities

Specifically, I and/or my organization will commit the following resources to the coalition (check all that apply):
- Staff hours
- Educational Materials
- Access to our volunteers for coalition tasks
- Procurement of items/services/other financial resources
- Connections to other key organizations/individuals
- Other, please specify:

Future Opportunities:
2019-2020 Implementation Efforts
Priority Areas Selected by the Coalition

- Increase HPV Vaccination Rates (Priority 6)
  - Chair: Sarah Quail

- Early Detection Health Equity- focused on increasing risk-appropriate screening for breast cancer (priority 7), colorectal cancer (priority 9), and lung cancer (priority 10)
  - Chair: Jill Ireland

- Improve Palliative Care Services and Awareness for Cancer Patients (Priority 14)
  - Chair: Sarah Mollman
Funding Available to Implement Cancer Prevention and Control Efforts

The South Dakota Department of Health’s Cancer Programs are pleased to announce the release of the Implementation Grant Request for Applications (RFA). The programs are soliciting applications that support the 2015-2020 South Dakota Cancer Plan, focus on evidence-based intervention implementation, and promote cancer prevention, early detection, or cancer survivorship efforts in South Dakota.

**Eligibility Criteria:** Eligible applicants include organizations that have the capacity to implement the required interventions. Eligibility includes, but is not limited to, federally qualified healthcare centers, health plans, healthcare clinics, healthcare systems, cancer treatment centers, healthcare professional organizations, Indian Health Service, non-profits, quality improvement organizations, school-based healthcare clinics, tribal health centers, universities, coalitions, and work sites.

**Application Deadline:** 5:00pm CT on Wednesday, November 6th, 2019

**Anticipated Award Amount:** Applicants may request up to $20,000. It is anticipated that 3-4 applicants will be funded.

**Project Period:** January 1, 2020 – December 31, 2020

**Application Procedure:** Applications are due via electronic submission to lexi.pugsley@state.sd.us.

**Questions:** Staff will be available to answer questions, review grant applications, and provide recommendations for revisions until 5:00pm on November 4, 2019.
